## **TOUR**

We offer tours for groups of ten or more people. We start your tour with a ten minute video on the history of aviation in NJ. A guide will then lead you through the museum and answer any and all questions you may have. The museum has two levels of artifacts and a number of "hands on" exhibits, including genuine airplane engines and a Martin 202 airliner that was actually in service. You can board the Martin 202 and see how passengers and flight crew flew in the 50's. For our younger guests we have a mini - plane called the "Little Cut-Up" where the kids can get in the cockpit and move the wings, etc... There is also a genuine balloon basket they can climb into and see what the first cockpit was like! There are many other aircraft on the premises and a fire and rescue vehicle. The tour runs approximately 1 ½ hours.

Please call for availability.

If you would like to bring your lunch, we have a mess tent located in our courtyard that you can use. If the weather isn't accommodating, you can eat in our theater. Please arrange to take your garbage with you, as we don't have dumpsters on the property.

**Group costs:**

Adults \$8.00

Seniors \$6.00

Children - 12 and under \$6.00
